Parade Competitive Classes

To make it easier to classify your car the below Competitive Classes are taken from the PCRs and intended to make is simpler for the entrant to classify their car and themselves in the competitive events. If you still have a question, as to where your car should be entered in a particular event, refer to the PCRs.

Remember you are responsible for
classifying your car!

Notable changes are as follows:

Groups

Preparation: This Group remains intact with Full, Touring and Street classes. Group and Class awards only. All years of Porsches can now enter a Preparation class.

Restoration: This Group remains to be for older restored Porsches. Full classes only. Group and Class awards only.

Preservation: This Group remains to be for older (1998 and older), unrestored Porsches. Full classes only are for those cars driven. Group and Class awards apply to these classes.

Added for 2019 are classes for “low mileage preserved automobiles”; these classes are for automobiles with less than an average of 1000 miles per model year age of the automobile. Automobiles in this Class are low mileage, basically non-driven and mostly stored. The “low mileage preserved automobiles” will not be eligible for the “PCA Preservation” group award.

Performance: This Group was eliminated. Cars previously entered in this Group can enter in either Limited Production (PP12F/T/S), Modified (PP13F/T/S) or Factory Race (PP14F/T/S) class in the Preparation Group.

Classes

356: All production 356s (open and closed) are combined. Entrants have the choice of (6) classes; Restored (RS01F), Unrestored original (PS01F), Judged for cleanliness only (PP01F/T/S).

991: 2013 and on 991s are in a separate class.

924/944/928/968: Combined into one class.

Limited Production: A Limited Production automobile is one built by the Porsche factory, on a production chassis, in very small quantities. Refer to the Parade Competition Rules Appendix I for the detailed definition. Eligible for judging in Preparation (PP12F/T/S)

Modified: The previous Series and Street Modified classes have been combined. Refer to the Parade Competition Rules Appendix I for the detailed definition. Eligible for judging in Preparation (PP13F/T/S).

Factory Race: Previous Thoroughbred Racers class. Refer to the Parade Competition Rules Appendix I for the detailed definition. Eligible for judging in Restoration (RS14F) and Preparation (PP14F/T/S).

Time, Speed and Distance (TSD) Rally

Driver/navigator teams must classify themselves and the automobile correctly (See G-5.2 “Misclassification”).

There will be six classes:

R01 Equipped - Unlimited rally equipment

R02 Tech Equip – The equipment is Apps on cell phones, tablet, notebooks, etc. and equipment permitted in the Navigational class. (R03) Rally computers are not allowed.

Parade Autocross Classing

A-2.1. Categories

There are five categories of classes – Showroom Stock, Production, Improved, Modified and Novice. Categories are related to automobile configuration and experience level. .5.9 Novice Classes.

Novice (N) Classes . Novice classes are intended for drivers that have never autocrossed or do not compete on a regular basis. Participants can have competed in no more than five autocrosses in the last twelve months, not including Parade, and can never have received an autocross award at a previous Parade. Safety and instruction are to be emphasized with an assigned instructor coaching the entrant from the drivers' meeting through the end of the entrant's runs. The novice drivers will have an instructor assigned during the driver's safety meeting and help answer any questions the driver has. The instructor will go over the course before each run, be in the car for all runs and will go over the course after each run is completed and the car is in grid. During the run the instructor will be focusing on safety, then the proper line.

The Showroom Stock (S). Category contains classes of automobiles as normally delivered and specified for use in the United States and Canada. Factory options as normally available for a specific model year are permitted. Certain factory and/or dealer installed equipment/options will move an automobile out of S and into Production or higher as specified in the Modifications Allowed List (Appendix V) table so as to maintain the intent and integrity of the Showroom Stock classes.

The Production (P) category contains automobiles (as normally delivered to the United States and Canadian public through authorized sales outlets of the manufacturer) plus others with limited performance affecting changes from stock. Novice class is based on the experience level of the competitor. The car must meet criteria for S or P classes. Participants that meet eligibility criteria (See G-2.1. through G-2.6), have not run more than five autocrosses in the last 12 months not including a Parade autocross and have not received a PCA parade autocross award can enter. The Showroom Stock (S) Category contains classes of automobiles as normally delivered and specified for use in the United States and Canada. Factory options as normally available for a specific model year are permitted. Certain factory and/or dealer installed equipment/ options will move an automobile out of S and into Production or higher as specified in the Modifications Allowed List (Appendix V) table so as to maintain the intent and integrity of the Showroom Stock classes. The Production (P) category contains automobiles (as normally delivered to the United States and Canadian public through authorized sales outlets of the manufacturer) plus others with limited performance- affecting changes from stock.

The Improved (I) category contains automobiles with more substantial performance-affecting changes from standard (stock) specification, whether changed by the factory, dealer or owner. These modifications have defined limits. These automobiles are classed according to their number of cylinders and actual displacement.

The Modified (M) category contains automobiles that have performance-affecting modifications outside of the limits of the Improved category and for race automobiles (factory-built or otherwise). These automobiles are classed according to their specified number of cylinders and actual displacement.
